

迷惑な警告メッセージを消す方法

インターネット閲覧によって出てきた、迷惑な警告メッセージをでなくする方法
<閲覧履歴を削除する>

1. Microsoft Edgeの場合

2. Google Chromeの場合

The image shows a sequence of three screenshots from the Google Chrome settings interface, illustrating the steps to delete browsing history. Red circles and arrows highlight the specific elements being interacted with.

Screenshot 1: Main Settings
The browser is at the main settings page (`chrome://settings`). The menu icon in the top right corner is circled in red. An arrow points from this menu to the '設定' (Settings) option, which is also circled in red.

Screenshot 2: Security and Privacy
The '設定' (Settings) page is shown with the 'セキュリティとプライバシー' (Security and Privacy) option selected and circled in red. An arrow points from this option to the '閲覧履歴データの削除' (Clear browsing data) option, which is also circled in red.

Screenshot 3: Clear Browsing Data
The '閲覧履歴データの削除' (Clear browsing data) page is shown. The '期間' (Time range) dropdown menu is set to '1時間以内' (Within 1 hour) and is circled in red. An arrow points from this dropdown to the 'データを削除' (Delete data) button, which is also circled in red.
